

# Support your child starting school

We're joining with the National Literacy Trust and Barnardo's to hold two events that will help you and your child settle into the new routine of school life.

If your child is starting school this year you may be feeling a huge range of emotions. We'll help you to find emotional and practical support to enable you and your child to start this new chapter of life with confidence and a smile!

Our event will also help you to find ways to support your child with homework and encourage them to succeed. As well as identify new opportunities for you, such as volunteering and learning new skills.

**21 September, 1pm - 2.30pm at the South Bretton Family and Community Centre OR**  
**23 September, 1pm - 2.30pm online via Teams**
