## Curriculum Termly Plan Year 4 Autumn Term 23/24

Topic name	Even The Weather Seemed To Be Celebrating			
Starting Point	Harry Potter Wizarding Extravaganza			
Finale		Performance		
Visit / visitor		Harry Potter Studios Tour		
/ outdoor	<mark>Gurdwara ( See 20</mark>	/21 Curriculum map and Summer year 3 term	<mark>ly plan)</mark>	
experiences				
Key Texts		Non-Fiction		
		Weather – Fiona MacDonald		
		Fiction		
	Т	he Secret of Platform 13 – Eva Ibbotson		
		Poetry		
		Like Fire and other poems – Valerie Bloom		
Writing	Ν	arrative – character/setting description		
Opportunities		ological report – chn choose an aspect of weather		
		ary – Events in The Secret of Platform 13		
	Recount/newspape	er - Discovery of missing baby - The Secret of Platfo	orm 13	
	Skills	Knowledge	Vocabulary	
Science	<ul> <li>Changes of state</li> <li>Find any patterns in their evidence or measurements.</li> <li>Set up a simple fair test to make comparisons.</li> <li>Plan a fair test and isolate variables and explain why it was fair. Explain which variables have been isolated.</li> <li>Take measurements using different equipment and units of measure and record what they have found in a range of ways.</li> <li>Make accurate measurements using standard units.</li> <li>Record more complex data and results using scientific diagrams, classification keys, tables, bar charts, line graphs and models.</li> <li>Use a graph or diagram to answer scientific questions.</li> </ul>	<ul> <li><u>Changes of state</u></li> <li>Compare and group materials together, according to whether they are solids, liquids or gases</li> <li>Observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C)</li> <li>Identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.</li> <li><u>Deepening:</u></li> </ul>	<u>Changes of state</u> Solid, liquid, gas, particles, state, materials, properties, matter, melt, freeze, water, ice, temperature, process, condensation, evaporation, water vapour, energy, precipitation, collection, condense, molecules, particles, vibrate, cycle, precipitation.	

	<ul> <li>Dangers to living things</li> <li>Take measurements using different equipment and units of measure and record what they have found in a range of ways.</li> <li>Set up a simple fair test to make comparisons.</li> <li>Plan a fair test and isolate variables and explain why it was fair. Explain which variables have been isolated.</li> <li>Find any patterns in their evidence or measurements.</li> <li>Use a graph or diagram to answer scientific questions.</li> </ul>	<ul> <li>Group and classify a variety of materials according to the impact of temperature on them.</li> <li>Explain what happens over time to materials such as puddles on the playground or washing hanging on a line</li> <li>Relate temperature to change of state of materials.</li> <li>Dangers to living things <ul> <li>Construct and interpret a variety of food chains, identifying producers, predators and prey.</li> <li>Recognise that environments can change and that this can sometimes pose dangers to living things.</li> </ul> </li> <li>Deepening: <ul> <li>Explain how people, weather and the environment can affect living things.</li> <li>explain how certain living things depend on one another to survive.</li> </ul> </li> </ul>	Food cha environa digestive keys, an reptiles,	<b>s to living things</b> ains, producers, predators, prey, ments, change, dangers, functions, e system, humans, classification imals, vertebrates, fish, amphibians, mammals, invertebrate, human nature reserves, deforestation.
Computing	Within each unit many of the skills and knowledge	e are repeated throughout the year. For full details	s please re	efer to the Progression Map.
	Productivity	- work with others to plan a project.	Voc	abulary listed introduced in year
CHANGING	Unit 4.6 – We are meteorologists	- use and combine a range of programs on a	show	n. Revisited in subsequent years
TO TEACH COMPUTING	Work with variables and various forms of input and output.	computer. - design and create content on a computer in	EYFS	mouse, computer, keyboard, enter/return, chart
CURRICULUM CHANGES TO BE ADDED	Use logical reasoning to explain how some simple algorithms work.	response to a given goal. - collect and present data.	1	cut, copy, paste, caps lock, digital device, resize, QR code, program/sequence/algorithm,
	Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in	<ul> <li>use a standard search engine to find information.</li> </ul>		bug, debug, code, coding, input device, output device
	evaluating digital content. Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting,	<ul> <li>understand that search engines rank pages according to relevance.</li> <li>know who to talk to about concerns and inappropriate behaviour at home or in school.</li> </ul>	2	font, input, data, spreadsheet, import, export, presentation, crop, logical reasoning, search, search engine, keyword

	analysing, evaluating and presenting data and information. Computer Networks Unit 4.4 – We are HTML editors Understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration. Use technology safely, respectfully and responsibly; know a range of ways to report concerns and unacceptable behaviour. Use and combine a variety of software (including internet services) to accomplish given goals, including presenting information.	<ul> <li>- understand that the internet transmits information as packets of data.</li> <li>- understand how the internet makes the web possible.</li> <li>- use and combine a range of programs on a computer.</li> <li>- design and create content on a computer in response to a given goal.</li> <li>- use a standard search engine to find information.</li> <li>- demonstrate that they can act responsibly when using computers.</li> <li>- understand the difference between acceptable and unacceptable behaviours when using digital technology.</li> <li>- know who to talk to about concerns and inappropriate behaviour at home or in school.</li> </ul>	3 4 5 6	loop, repetition, network, Internet, WWW, World Wide Web, copyright, ownership, permission server, http, ranking formulae, variables
Computing: Internet Safety DECISION TO BE MADE!	Developing online safety guidelines Unit 4.1 - We are Year 4 rule writers Reviewing and editing our online safety rules. Children recall their learning from the previous year's online safety lessons and then review different online safety scenarios and decide the best response to these. They then review, discuss and edit the online safety rules they created in Year 3. Social and emotional wellbeing and developing resilience Unit 4.2 - We are standing up to peer pressure Dealing positively with peer pressure.	Consider online safety scenarios encountered in Year 3 (both at school and at home) and appreciate how these new experiences can be used to update their online safety rules. Consider what new strategies they can apply to online safety scenarios, beyond talking to a trusted adult. Understand that peer pressure can be a positive and negative influence. Understand that access to the internet is not the same for everyone.		<ul> <li>becabulary listed introduced in year</li> <li>bwn. Revisited in subsequent years</li> <li>public, private, online, search,</li> <li>share, trust, password, username,</li> <li>e-safety, cyberbullying, identity,</li> <li>online identity, personal</li> <li>information, block, report,</li> <li>content, digital citizen,</li> <li>belief/opinion/fact, social media,</li> <li>reliable, source, password, PEGI,</li> <li>hoax, scam, strong/secure wrt</li> <li>passwords, victim, perpetrator,</li> <li>trustworthy, untrustworthy, digital</li> </ul>
	Children find out that access to the internet is not the	Recall ways to report concerns and	4	footprint, netiquette app permissions, notifications,

	same among all people and that peer pressure can be both positive and negative. They will scrutinise and	inappropriate behaviour.		peer pressure, hacking, virus, virtual vs real,
	discuss a short online safety scenario and decide how to resolve a problem where access to the internet is not		5	CEOP, privacy, endorse, parental controls
	the same between two friends.		6	sexting, BBFC, phishing,
History	Knowledge and understanding of past events, people	(Main skills covered in Spring and Summer		
	and changes in the past	term) Folk law of telling the weather -		
	Describes features of past societies and periods.	How important predicting the weather was to those people.		
	Gives reasons why changes in:			
	Things of importance to people			
	may have occurred during a time period.			
	Identifies some ideas, beliefs, attitudes and experiences			
	of men, women and children from the past and beings			
	to compare these to the present.			
	Describes how some of the past events/people affect			
	life today.			
	Historical enquiry			
	Understands the difference between primary and			
	secondary sources of evidence.			
	Uses documents, printed sources, the internet,			
	databases, pictures, photographs, music, artefacts,			
	historic buildings and visits to collect information about			
	the past.			
	Asks questions such as 'what was it like for a during?'			
	Suggests sources of evidence from a selection provided to use to help answer questions.			

	Missed criteria from Y3: Understand the Anglo Saxon Religion and beliefs. Asks question such as 'how did people? What did people do for?' -Use information and evidence to describe the past: -Use information and evidence to describe the past: -Houses and settlements -Clothes, way of life and actions of people -Buildings and their uses -People's beliefs and attitudes - Culture and leisure activities Analyse and describe Anglo-Saxon artefacts and explain what they can teach us about Anglo Saxon culture Writing- Diary about Anglo Saxon life		
Geography Key: Locational Place Knowledge Human and Physical Geography Geographical Skills and Fieldwork	Autumn 1         Map work         Locate countries and cities of the UK. Identify within         these: geographical regions         -key topographical features (hills, mountains, coasts and rivers)         - land-use patterns         Autumn 2         Understand how aspects have changed over time         Use fieldwork to observe, measure, record and         present the human and physical features in the local         area (Peterborough) sketch maps.         Describe and understand key aspects of: Physical         geography: water cycle         .       What is the water cycle?         .       How does it happen?         .       Why does it happen?         .       Why does it happen?         .       Use fieldwork to observe, measure, record and present         Hemisphere, Tropics of Cancer and Capricorn.         Use fieldwork to observe, measure, record and present         human and physical features by using sketch maps and         plans and graphs.       (Unit of fieldwork based on weather).	<ul> <li>What do we know about the weather?</li> <li>How do climates vary around the world?</li> <li>How do we measure and record the weather?</li> <li>How do we make predictions about the weather?</li> <li>How is climate change affecting the weather?</li> <li>How does the weather affect us?</li> </ul>	NorthNorth-EastEastSouth-EastSouthSouthVestNorth-WestSymbolKeyObserveLatitudeLongitudeEquator

	encouraged to think about how to use skills,	manage our game.	
	strategies and tactics to outwit the opposition as	<ul> <li>I can provide feedback using key</li> </ul>	

learning	well as learn how to evaluate their own and others' performances, and how to identify a focus for improvement.	<ul> <li>terminology and understand what I need to do to improve.</li> <li>I am learning the rules of the game and I am beginning to use them to play honestly and fairly.</li> <li>I can use simple tactics to help my team score or gain possession.</li> </ul>	
	Get set 4 PE <u>Rounders</u> Pupils learn how to score points by striking a ball into space and running around cones or bases. When fielding, they learn how to play in different fielding roles. They focus on developing their throwing, catching and batting skills. In all games activities, pupils have to think about how they use skills, strategies and tactics to outwit the opposition. Pupils are given opportunities to work in collaboration with others, play fairly demonstrating an understanding of the rules, as well as being respectful of the people they play with and against.	<ul> <li>I am able to bowl a ball with some accuracy, and consistency.</li> <li>I can strike a bowled ball with adapted equipment (e.g. a tennis racket).</li> <li>I can use overarm and underarm throwing and catching skills with increasing accuracy.</li> <li>I am learning the rules of the game and I am beginning to use them to play honestly and fairly.</li> <li>I can communicate with my teammates to apply simple tactics.</li> <li>I can explain what happens to my body when I exercise and how this helps to make me healthy.</li> <li>I can provide feedback using key terminology and understand what I need to do to improve.</li> <li>I share ideas and work with others to manage our game.</li> </ul>	Stance, Retrieve, Opposition, Stumped, Two- handed pick up, Technique, Short barrier
	Get set 4 PE <u>Gymnastics</u> explore ways to include apparatus. They will demonstrate control in their behaviour to create a safe environment for themselves and others to work in. They work independently and in	<ul> <li>I understand how body tension can improve the control and quality of my movements.</li> <li>I can explain what happens to my body when I exercise and how this helps to make me healthy.</li> </ul>	Technique, Quality, Apparatus, Perform, Extension, Inverted

collaboration with a partner to create and develop sequences. Pupils are given opportunities to receive and provide feedback in order to make improvements on their performances. In gymnastics as a whole, pupils develop performance skills considering the quality and control of their actions.	<ul> <li>I can identify some muscle groups used in gymnastic activities.</li> <li>I can watch, describe and suggest possible improvements to others' performances and my own.</li> <li>I can provide feedback using appropriate language relating to the lesson.</li> <li>I can safely perform balances individually and with a partner.</li> </ul>	
Real PE Social Autumn 1		
Social- Autumn 1 - I can help, praise and encourage others.		
-I am happy to show and tell others about my ideas.		
-I show patience and support others, listening		
carefully to them about our work.		
-I can guide a small group through a task.		
-I cooperate well with others and give helpful		
feedback.		
Dynamic Balance: Jumping & Landing		
1. Jump from 2 feet to 2 feet with 180° turn in		
either direction. 2. Complete a tucked jump. 3.		
Complete a tucked jump with 180° turn in either direction.		
Static Balance: Seated		
1. Pick up a cone from one side and place it on the		
other side with same hand. 2. Return it to the		
opposite side using the other hand. 3. Sit in a dish		

	shape and hold it for 5 seconds.		
	Real PE		
	<u>Personal- Autumn 2</u>		
	- I cope well and react positively when things		
	become difficult.		
	-I can persevere with a task and I can improve my		
	performance through regular practice		
	<ul> <li>I know where I am with my learning</li> </ul>		
	<ul> <li>I have begun to challenge myself</li> </ul>		
	<ul> <li>I try several times if at first I don't succeed and I</li> </ul>		
	ask for help when appropriate		
	Coordination: Footwork		
	1. Hopscotch forwards and backwards, alternating		
	hopping leg each time. 2. Move in a 3-step zigzag		
	pattern forwards. 3. Move in a 3-step zigzag		
	pattern backwards.		
	Static Balance: 1 Leg		
	On both legs: 1. Stand still for 30 seconds with eyes		
	closed. 2. Complete 5 squats. 3. Complete 5 ankle		
	extensions.		
PSHE	Right, Rules and Responsibilities Cit8 RR34	Right, Rules and Responsibilities RR34	Democracy, voting, worry, conflicting
	At the end of this unit most pupils will:	1. To understand the difference between	emotions, assertive, problem-solving,
	<ul> <li>be able to explain the difference between wants and</li> </ul>	rights, wants and needs and that rights come	recognise.
	needs	with responsibilities.	
	<ul> <li>be able to explain why rights are important and that</li> </ul>	2. To recognise their responsibilities at school	
	they come with responsibilities, at home and at school	and at home to themselves and others.	
	• be able to express how it feels to be treated with	3. To recognise what it feels like to be treated	
	respect and demonstrate how to show respect for	with respect, understand what is meant by	
	<ul><li>others, including those in positions of authority</li><li>be able to explain why rules are needed and be able to</li></ul>	respect towards others and develop skills to demonstrate this.	
	• be able to explain why rules are needed and be able to identify those which are necessary and useful	4. To identify those in positions of authority in	
	<ul> <li>participate in making class ground rules and show or</li> </ul>	school and the wider community and explore	
	explain what following the rules looks like	ways to respectfully share our views.	
	explain what following the fulles looks like	mays to respectivity share our views.	

• suggest different ways of making a decision and ways	5. To understand why rules and conventions	
they can influence decision making in school, through	are needed at home and at school.	
simple debating and voting	6. To develop skills to participate in making and	
<ul> <li>be able to describe what a representative does.</li> </ul>	changing rules at home and at school.	
	7. To understand how decisions can be made	
	democratically in our class through simple	
	debating and voting.	
	8. To understand how children and adults in	
	school might be democratically elected to	
	represent others.	
	9. To understand what they have learned and	
	to be able to share it with others.	
My Emotions ME34	My Emotions MMR10 ME34	
At the end of this unit most pupils will:	1. To be able to recognise and communicate an	
<ul> <li>be able to recognise and communicate how they are</li> </ul>	increasing range of emotions, both comfortable	
feeling	and uncomfortable.	
<ul> <li>be able to recognise and describe feelings in others,</li> </ul>	2. To begin to understand what is meant by	
and show care towards them	"mental health" or "mental wellbeing" and why	
<ul> <li>have developed some strategies to be able to move</li> </ul>	this is as important as physical wellbeing.	
from an uncomfortable state to a more positive one	3. To understand some of the ways emotions	
<ul> <li>be able to explain what is meant by 'mental wellbeing'</li> </ul>	may affect our interactions, and to show care	
<ul> <li>know who to approach and how to get support with</li> </ul>	towards others and their emotions.	
their emotions	4. To be able to identify their worries and	
<ul> <li>recognise their own personal strengths and qualities</li> </ul>	decide what they might do about them.	
<ul> <li>understand that how they feel can affect how they</li> </ul>	5. To be able to get support when they need it.	
approach and tackle tasks and have some strategies for	6. To recognise some of the strengths and	
remaining positive	personal qualities of themselves and others.	
<ul> <li>to understand what is meant by "over-reacting", and</li> </ul>	7. To understand that how we feel can affect	
to be able to show understanding towards themselves	how we tackle things and whether or not we	
and others	find them difficult.	
<ul> <li>know what it feels and looks like to be assertive and</li> </ul>	8. To understand what is meant by "over-	
when it might be appropriate.	reacting" and to be able to show myself and	
	others understanding.	
	9. To know some strategies to move from an	
	uncomfortable state to a more positive one.	
	10. To know what it means to be assertive and	
	to be able to act assertively.	
	11. To understand what they have learned in	
	this unit and to be able to share it with others.	

Anti-bullying AB34	Anti-bullying AB34
Antibullying MMR12 AB34	1. To understand that difficulties that some
At the end of this unit most pupils will:	friends have may or may not be bullying.
<ul> <li>understand that bullying is deliberately hurtful behaviour and be able to give a range of examples of</li> </ul>	<ol><li>To understand the characteristics of different types of bullying.</li></ol>
different forms of bullying including simple forms of cyberbullying	<ol> <li>To begin to understand about power and groups in bullying situations.</li> </ol>
• understand that sometimes people are bullied	4. To understand how bullying can occur when
because of issues relating to their identity e.g. ethnicity,	people do not respect and empathise with their
religion, culture or family life	diverse peers.
• be able to describe how those involved in bullying	5. To understand more about indirect forms of
including those who bully others may feel	bullying such as cyber bullying and exclusion.
be able to describe and demonstrate a number of	6. To understand that the feelings associated
assertiveness techniques when responding to bullying	with bullying might last a long time.
and be starting to show that they can support another	7. To understand the roles and possible feelings
