Dear Parent/Carer,

### Re: Year 3 Relationships Education and Health Education

In school we aim to help children to learn to respect themselves and others and move safely and confidently from childhood, through adolescence, into adulthood. We deliver much of this work through Relationships Education and Health Education, which are statutory parts of the broader subject, PSHE. As part of our programme, we provide Relationships and Sex Education (RSE). This programme begins as soon as children arrive in school and continues until the end of secondary school. There is more information about the areas your child will be covering below.

We are very aware that the RSE we deliver in school is only a small part of children's learning about their bodies, keeping safe, emotions, relationships and themselves. The majority of children's learning in this area takes place with you at home.

We hope this letter gives you some more information about our partnership in developing children's knowledge, skills and attitudes relating to RSE. Further information regarding RSE can be found in the RSE Curriculum Statement of Intent, which is available on the website.

We will shortly be beginning some work in year 3 about 'Growing and Changing'. This work forms part of an ongoing programme of RSE, which we deliver throughout the school. Our 'Growing and Changing' topic covers some elements of Science, some Relationships Education and Health Education.

Your children will be engaging with the following questions as part of this work:

- **How are male and female bodies different and what are the different parts called?**
- **When do we talk about our bodies, how they change, and who do we talk to?**
- What can my body do and how is it special?
- **Why is it important to keep myself clean?**
- **What can I do for myself to stay clean and how will this change in the future?**
- **How do different illnesses and diseases spread and what can I do to prevent this?**

*\*Part of the National Curriculum for Science*

***From either of the statutory areas, Relationships Education or Health Education***

We encourage you to discuss these areas with your children before, during or after our topic, as children say that they greatly value being able to talk with their parents/carers about these issues.

You have the right to withdraw your child from the elements of our programme defined as sex education i.e. learning about human conception and birth. There are **no** elements of non-statutory sex education taught in Year 3, therefore there is **no option to withdraw** in these year groups. Please contact the Head Teacher if you would like to discuss this. If you would like to discuss any issues relating to our work on RSE, or to find out more about the lessons, please contact a member of staff.

We have carefully reviewed the resources we use to support our teaching, to ensure they are appropriate to the age and needs of the children.

Yours faithfully,

*E Anderson*
