## Year 4 Dodgeball Festival

### Autumn Term 2013

The annual Year 4 Dodgeball Festival took place on 6 December and saw over 200 students compete. Each cluster school that entered sent 2 teams of students to take part.

The results were adapted so that students were only allowed to throw the ball towards their opponents legs (the adult rules allows the ball to be thrown anywhere at the body) and balls that were thrown and hit the ground before hitting an opponent did not count as 'out'.

Year 13 Sports Leaders ran two events due to the fantastically high numbers of students. In the gym – the competition was hotly contested with every school winning at least 1 game. Middleton Primary school were unstoppable winning 6 out of 6 matches.

In the Sports Hall – the competition was played with great fight, determination and spirit from all, with some great individual and team performances.

One Sports Leader commented '*I was nervous when talking to so many young children but as the games went on and the schools knew what was happening the festival ran much smoother. It was great to have so many students attending. I now appreciate how difficult and tiring it is for teachers.*'
