

Home learning Website list

These websites are all fantastic to keep your children learning in the holidays/ uncertain times!

Maths and Literacy Websites

www.topmarks.co.uk

This is the best website I have found. It has a search facility to find activities or support for everything from understanding the need for sand and water play to tips on helping your child read. The section on learning numbers through play is particularly good. You can also use the search facility for links to other educational websites.

www.ictgames.co.uk

Probably the best website on the net for literacy and numeracy. A firm favourite with the children in year one. This website also has games and activities suitable for reception through to year 2.

www.bbc.co.uk/schools/numbertime

Some fantastic maths games from the BBC although archived and not updates so might run a bit slow ☹️

www.mathszone.co.uk

This website has a lot of maths games covering many different areas of the subject from simple addition and subtraction through to reflection and rotational symmetry and many activities suitable for your older child.

<http://www.familymathstoolkit.org.uk/activities-for-children>

Advice and activities on how to help your child with maths at home. Some lovely activities which mean the children might not even realise they are practicing their maths skills!

www.nessy.com

It has reading and spelling activities

<http://www.ixl.com>

This is an American with some fantastic maths games and activities grouped into topics. This is a wonderful site to help with difficulties in specific areas of mathematical understanding.

<http://www.primaryhomeworkhelp.co.uk>

This is a wonderful primary school website which has games and information on a range of subjects.

<http://www.oxfordowl.co.uk>

A great website from the makers of the Biff and Chip books. There are some simple maths games and access to a huge range of ORT books. Very useful.

www.ictgames.com

This is a fantastic website with some simple literacy activities. The games will need your support to set up and talk through.

www.crickweb.co.uk

This website has links to games and activities from Kindergarten right through to the end of key stage two. There are some really simple literacy and numeracy games which your children will really enjoy.

<https://www.bbc.co.uk/teach/>

A collection of resources to support learning in all areas of the curriculum.

Wowscience.co.uk

Quite a few ideas for free activities which the children could access at home. Use the 'Activities' section to find the best activities for home learning.

<https://bpes.bp.com/resources/list>

BP provides some nice introductory videos for Science, Geography and Design Technology

Less educational - more fun!

www.funbrain.com

A website with stories to read and games to play. You can browse by age level

www.activityvillage.co.uk

A website with activities galore colouring in pages, origami, recipe ideas and doodle books. This website will give you thousands of ideas to keep the children busy. Sadly many of the printable resources are now part of the members only section.

<http://mrspancake.com>

A collection of delightful activities to print out and make on those tricky rainy days. Step by step instructions for fantastic origami models including a brilliant section on paper planes.

<https://www.kiddle.co>

Kiddle is a child friendly search engine by goodle. A great place to find out about particular topics whilst staying safe online.

www.natgeokids.com

National Geographic for kids has some stunning images and interactive games and colouring books. A lovely site for children to learn more about animals, wildlife and the world around them.

www.nasa.gov/kidsclub

Fun facts and games about space.

<https://www.twinkl.co.uk/resources/parents>

This website has many free resources and information to support you child. Some resources require a subscription. Brilliant printables for long journeys. From motor skills and colouring to spot the different and maths workbooks.

Ideas for physical exercise at home

<https://www.cosmickids.com>

Fantastic fun yoga stories for children. Will keep them entertained when they need down time!

<https://www.bbc.co.uk/sport/football/super movers>

SUCH FUN for super movers!

www.gonoodle.com

Music and mindfulness for children. It's an American website with lots of fabulous dance routines and guided mindfulness sessions. The chicken dance is a particular favourite in Year One!

www.code.org

There are courses and games for learning how to code on this great website. All courses are free of charge and have a really good range of levels.

Apps

[Teach your monster to read](#)

A fantastic app which the children really love. It has a mixture of phonics and whole word games aimed at supporting reading.

<http://itunes.apple.com/gb/app/jungle-time-learn-how-to-tell/id366422129?mt=8>

Jungle Time. A great app to help your child with telling the time.

<https://itunes.apple.com/gb/app/forest-phonics/id581746397?mt=8>

A wonderful app to support phonics and word building skills. Fantastic.

<http://itunes.apple.com/gb/app/abc-pocketphonics-letter-sounds/id299342927?mt=8>

abc pocket phonics

This is a wonderful app based on Letters and Sounds, the phonics teaching programme used throughout many UK schools. I can't praise this enough.

<http://itunes.apple.com/gb/app/times-tables-squeebles-multiplication/id366347095?mt=8>

squeebles multiplication. A great app to help with multiplication.

<https://itunes.apple.com/gb/app/motion-math-zoom/id451793073?mt=8>

and

<https://itunes.apple.com/gb/app/motion-math-hungry-fish/id483049169?mt=8>

These aim to improve your child's understanding of place value and number bonds. Both are really good games and are suitable for your older children too. The developer 'motion maths' have made a number of apps for older mathematicians too.

<https://itunes.apple.com/gb/app/sing-your-times-tables-percy/id394677739?mt=8>

Percy Parker is a wonderful times tables app for the end of year one onwards. It teaches them their times tables in a really enjoyable way – but the songs will stay in your head!

Bee-Bot

You might have heard your children talk about the Bee-Bot at school - it's often used in our classrooms to teach children about control programming and directions in maths. This lovely app version is good fun and free!

[Reading Raven](#)

An engaging app that teaches children phonics with a step-by step programme, one lesson at a time. We love the clear letter sounds as you click on each letter. It's also engaging with fab illustrations to hold a child's interest as they learn.

£2.99

[Meteor Math](#)

An 'explosive' maths challenge with an arcade game feel - find two numbers to make the answer shown on the planet and watch as they explode! The game gets faster as you go up through the levels and it becomes exciting and challenges children to solve the sums more quickly. A great way of improving speed of mental maths.

[Epic](#)

Kids books and movies

This is a great app with lots of books. Whilst it is a subscription app you get the first month free. I would recommend using for the free month and then making your decision.

[twinkl phonics](#)

A wonderful app aimed at improving phonics. This app covers all phases of letters and sounds.

Internet Safety

Always remember to monitor your children when using the internet. Whilst these links are all checked there are some websites which aren't as lovely.

I hope that you have found this list of activities useful. If you find any additional sites which others might enjoy please let us know so that we can continue to support ICT fun at home with regularly updated lists.

Many Thanks
